

Circus Duo

TPP29202

Circus Duo rompe con el banco tradicional, normalmente alargado y recto. En su lugar, Duo presenta una forma suave y orgánica, donde dos asientos se conectan en una estructura dinámica, invitando a nuevas formas de encontrarse y disfrutar de los espacios públicos.

Circus Duo

TPP29202

The Circus modular elements are made of rotation molded polyethylene (PE) with at thickness of 6-7mm, consisting of 33% post consumer waste. The Circus elements are UV-resistant, have excellent impact strength and are usable within a large temperature span.

The product molds are textured through abrasive blasting, enhancing surface friction and reducing slipperiness ensuring a safer experience.

The Circus come in 5 standard colors, offering a variety of options to personalize your product and ensure a perfect fit for your intended space.

Tops for Circus are available in two materials: HPL or wood. The HPL top is made from 10 mm compact laminate, consisting of 42 dyed layers, offering high UV resistance. The HPL is color matched to the Circus base. The wooden top is crafted from FSC-certified mahogany and features a treated finish for enhanced durability.

The Circus products can be anchored to the ground by filling them with water or sand using integrated plugs. Alternatively, they can be secured using surface or ground brackets.
